3. The City may request the State, as authorized agent for the City, and all at City expense, to perform certain work and prepare certain documents required by the Federal Highway Administration to qualify certain highway, bridge and railroad grade crossing projects for and to receive Federal funds. Such work, consisting of, but not specifically limited to, the review and approval of the City prepared environmental documents, the preparation of the analysis requirements for documentation of environmental categorical exclusion determinations; review of reports, design plans, maps, and specifications; geologic materials testing and analysis; right-of-way related activities (when specifically authorized by, for and on behalf of the City, and at no cost to the State) and such other related tasks essential to the achievement of the objectives of this agreement.

4. Should some unforeseen conditions or circumstances increase the cost of said work required, by a change in the extent or scope of the work called for in this agreement, the State shall not be obligated to incur any expenditure in the project.

### III. MISCELLANEOUS PROVISIONS

1. The State assumes no financial obligation or liability under this agreement. It is understood and agreed that the State's participation is confined solely to securing federal aid; that any damages arising from carrying out, in any respect, the terms of this agreement or any modification thereof, shall be solely the liability of the City and that the City hereby agrees to save and hold harmless and indemnify from loss the State, any of its departments, agencies, officers or employees from any and all cost and/or damage incurred by any of the above and from any other damage to any person or property whatsoever, which is caused by any activity, condition, or event arising out of the performance or nonperformance of any provisions of this agreement by the State, any of its departments, agencies, officers and employees, the City, any of its agents, officers and employees, or any of its independent contractors. Costs incurred by the State, any of its departments, agencies, officers or employees shall include in the event of any action, court costs, expenses of litigation and attorneys' fees.

2. The cost of the work covered by this agreement is to be borne by FHWA and the City, each in the proportion prescribed or as fixed and determined by FHWA as stipulated in this agreement. Therefore, the City agrees to furnish and provide the difference between the total cost of the work provided for in this agreement and the amount of federal aid received.

3. This agreement shall become effective upon filing with the Secretary of State.

4. This agreement shall remain in force and effect until completion of the work herein embraced; provided, however, that any provisions in this agreement for maintenance shall be perpetual.
